# HARD OFF

*Following the release of **Delivery Health** in 2015, the trio composed by Giovanni Di Domenico, Jim O'Rourke and Tatsuhisa Yamamoto returns with yet another amazing album. Delivery Health became the band name and Hard Off is the title of the second album. Recorded at the great GOK Sound studio in Tokyo, Hard Off brings the same warmth in sound (thanks again also to the fabulous mixing work done by O'Rourke) and attentive structural sensibility, this time in a little more 'lyrical' vein.*

**Giovanni Di Domenico:** piano, fender rhodes

**Jim O'Rourke:** electric guitar

**Tatsuhisa Yamamoto:** drums, kalimba, electronics
